Secretary Grimes will give interviews on Election Day as available.

Media in the Voting Room

Members of the news media may be in the voting room for the limited purpose of filming the voting process.

Media may not:

- conduct interviews with voters *inside the voting room*.
- record the identity of voters.
- obstruct the entrance to the polling place.

Media should always contact the county clerk's office before visiting any polling place to coordinate so election officers will be aware of media clearance.

OAG 88-76 and KRS 117.236.
